

Oil and Gas Wells in West Virginia

Publications Policy:

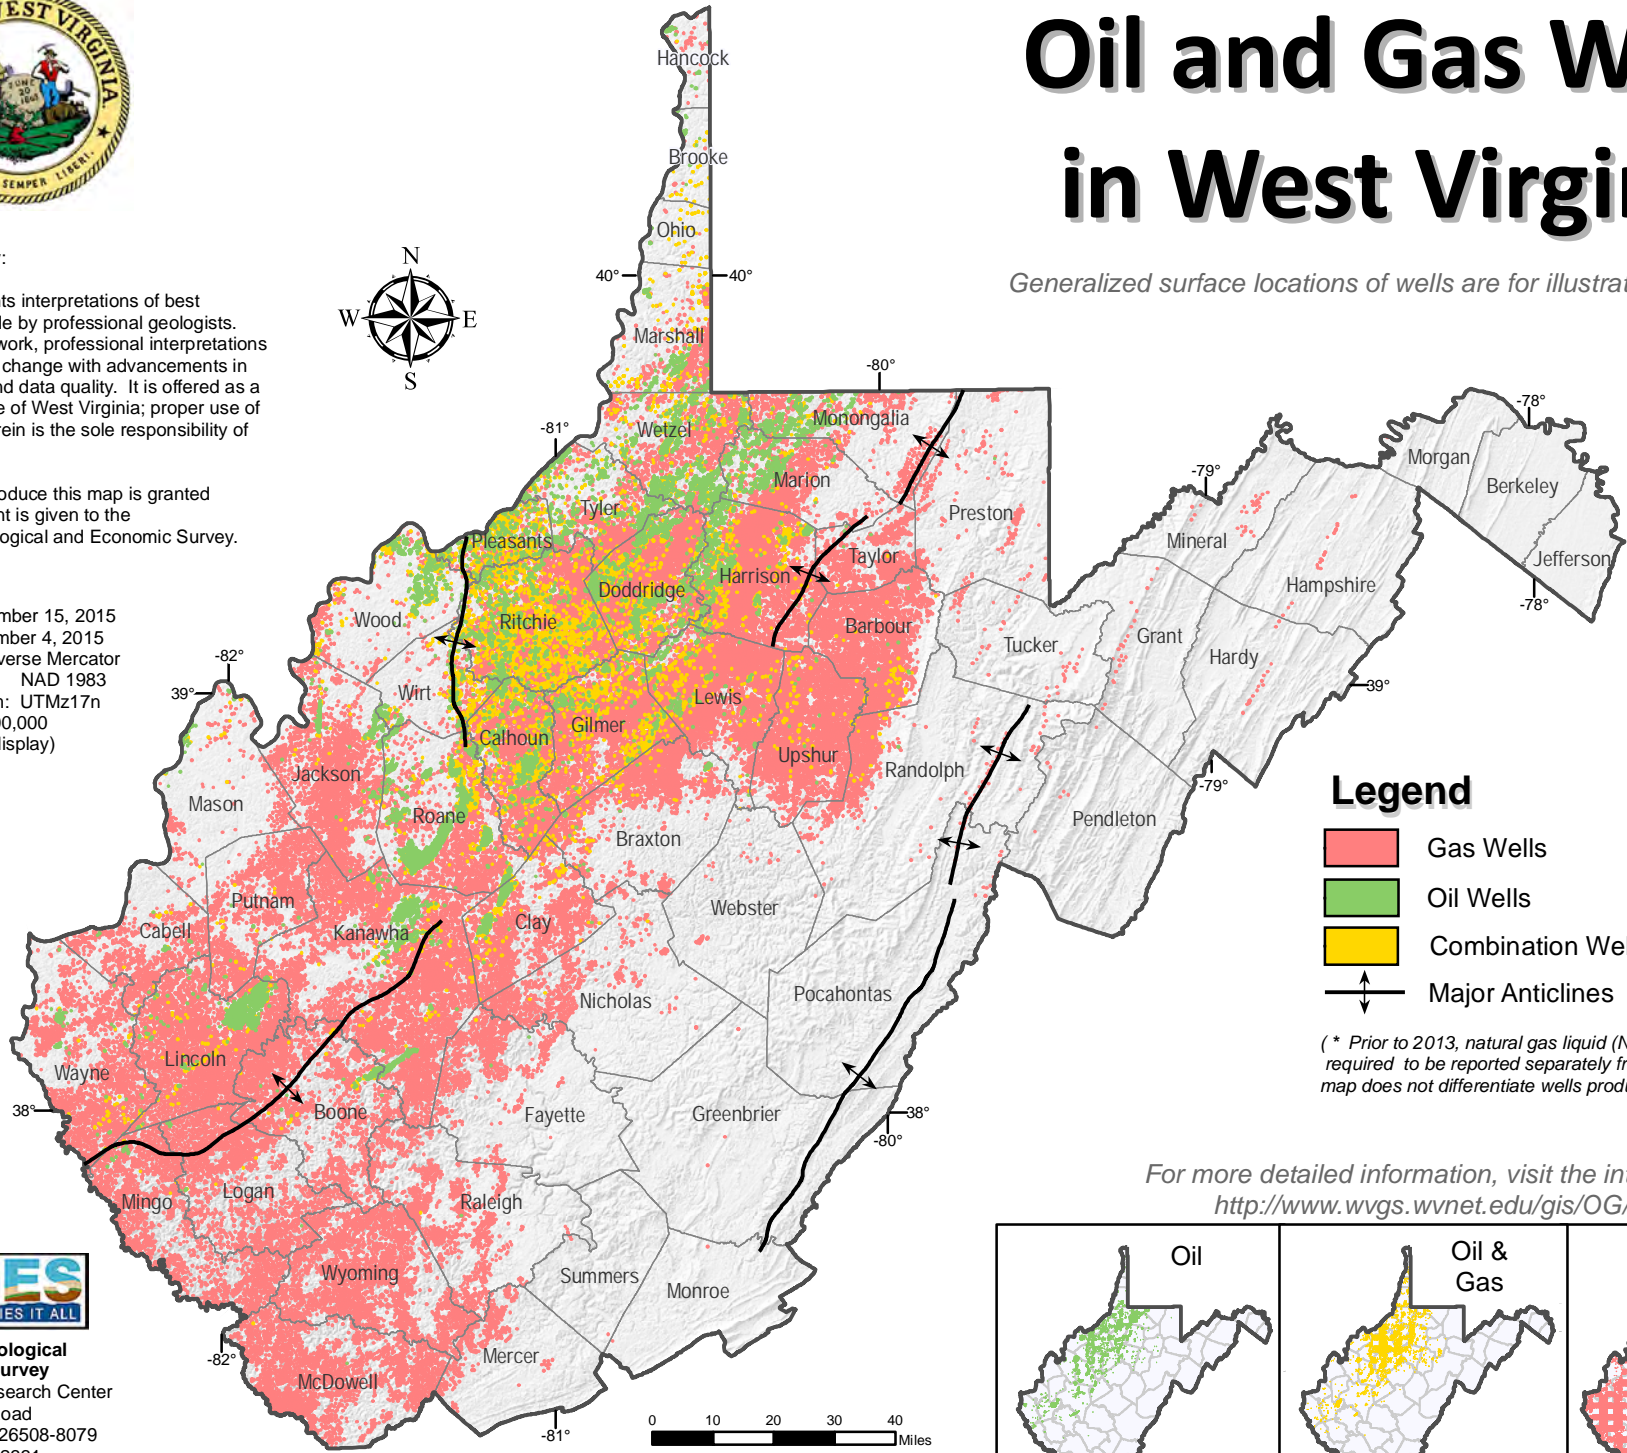

This map represents interpretations of best available data made by professional geologists. As in all research work, professional interpretations may vary, and can change with advancements in both technology and data quality. It is offered as a service of the State of West Virginia; proper use of the information herein is the sole responsibility of the user.

Permission to reproduce this map is granted if acknowledgement is given to the West Virginia Geological and Economic Survey.

Map Date: September 15, 2015
Data Date: September 4, 2015
Projection: Transverse Mercator
Horizontal Datum: NAD 1983
Coordinate System: UTMz17n
Map Scale: 1:2,000,000
(for full 8.5" x 11" display)

Generalized surface locations of wells are for illustrative purpose only.

Legend

- Gas Wells
- Oil Wells
- Combination Wells (Oil & Gas) *
- Major Anticlines

(* Prior to 2013, natural gas liquid (NGL) volumes were not required to be reported separately from oil. Therefore, this map does not differentiate wells producing oil versus NGLs.)
